Bulgarian Presidency of the Council
of the European Union

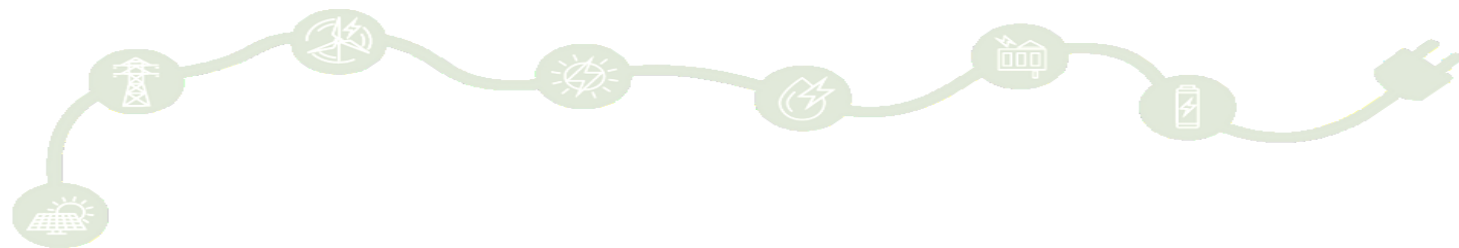

12 April 2018

❖ Clean Energy For All Europeans Package

General information

On 30 November 2016, the European Commission presented a package of measures aimed at preserving the European Union's competitiveness in a transition to clean energy that changes the image of global energy markets

1. Directive on the promotion of the use of energy from renewable sources
2. Directive on the energy efficiency
3. Directive on the energy performance of buildings
4. Regulation on the Governance of the Energy Union
5. Directive on common rules for the internal market in electricity
 6. Regulation on the internal market for electricity
 7. Regulation on risk preparedness in the electricity sector
 8. Regulation of establishing a European Union Agency for the Cooperation of Energy Regulators

❖ Clean Energy For All Europeans Package

Goals

- Increasing energy efficiency
- Achieving global leadership in renewable energy
- Ensuring fair prices for consumers
- Ensure a stable legislative framework to facilitate the transition to clean energy
- Achieving a more stable, more competitive and more sustainable energy sector in the EU
- De-carbonization of the electricity market - renewable energy as a major part of the electricity market
- Market incentives for investment in flexible resources
- Electricity prices to be determined through demand and supply

12/04/2018

❖ Proposal on DIRECTIVE on the promotion of the use of Energy from Renewable Sources

Goals

- Increasing the share of RES by 2030
- Ensuring the achievement of goals with the united efforts of the MS
- Achieving growth in a cost-effective way
- Increasing security for investors
- Overcoming administrative barriers

January 2018 –
Plenary meeting of the EP

27.03.2018 –
2nd Trialogue

18.12.2017,
GA reached on Council of
Ministers

27.02.2018 – 1st
Trialogue

17.05.2018 –
3rd Trialogue

12/04/2018

❖ Proposal on DIRECTIVE amending Directive 2012/27/EU on the Energy Efficiency

Goals

- Continue the EE activities by 2030 by updating the current framework
- Setting new EE target for the period up to 2030
- Continuation of energy savings obligations
- Involvement of EE activities on socially-oriented requirements

June 2017 –
General Approach

January 2018 –
EP Plenary

20.03.2018 –
2nd Trialogue

30.05.2018
4th Trialogue (if
needed)

November 2017 –
ITRE meeting voting

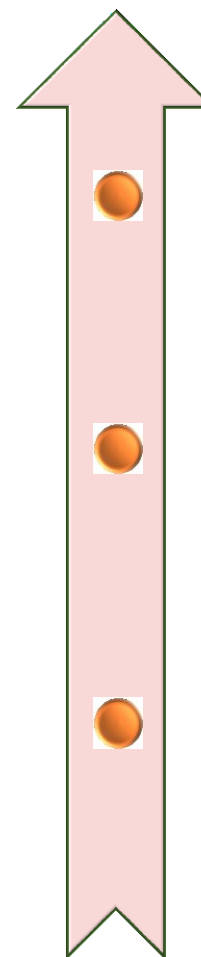

22.02.2018 –
1st Trialogue

16.05.2018 –
3rd Trialogue

❖ Directive on the energy performance of buildings

Goals

- Improving the energy efficiency in buildings
- Promoting the renovation of buildings
- Decarbonisation of the existing, highly inefficient European building stock
- Promoting cost-effective repairs
- Introduction of Smart Build Indicator
- Simplification of the inspections of heating and air conditioning systems
- Promotion of electromobility by creating parking spaces for electric vehicles

January 2018 – Final
compromise text on
COREPER

December 2017 – Indicative
agreement

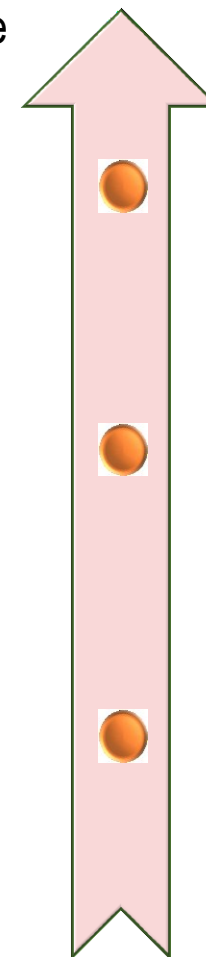

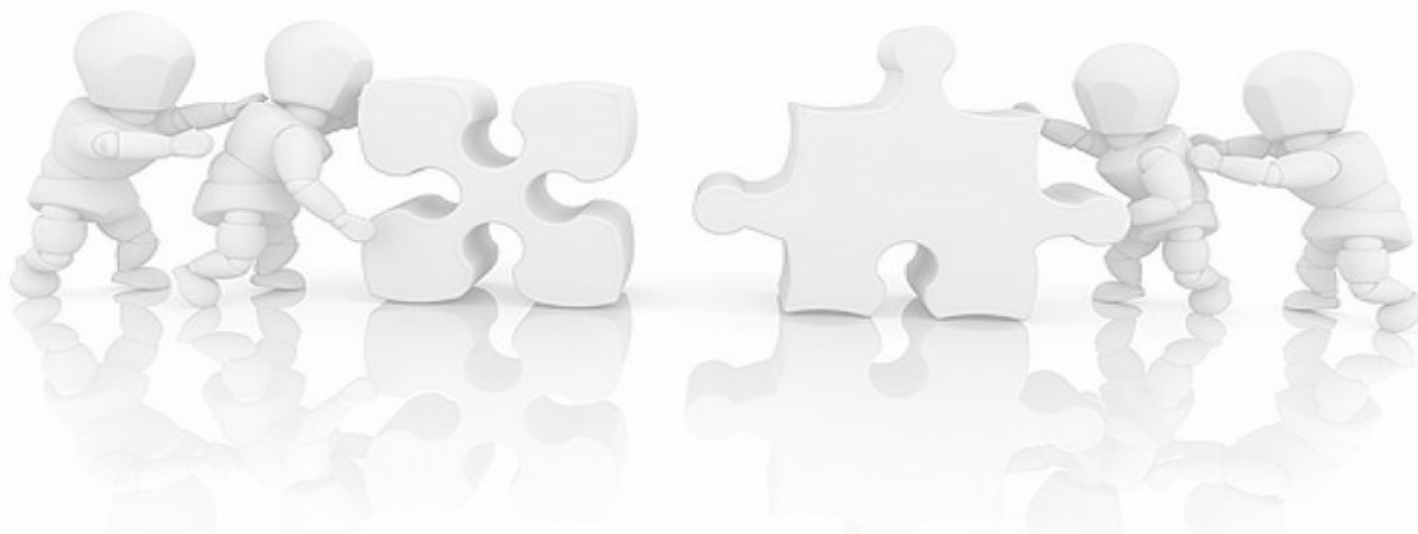

June 2017 – General
Approach on Council of
Ministers

12/04/2018

❖ Proposal on REGULATION of the European Parliament and of the Council on the Governance of the Energy Union

Goals

- Harmonization and integration of the existing planning and reporting obligations in the Energy and Climate sectors
- Reducing the administrative burdens for MS
- Mechanism for MS 'collective achievement of the goals of the Energy Union
- Implementation of the EU commitments under the Paris Agreement

13.05.2018 – 3rd Trialogue

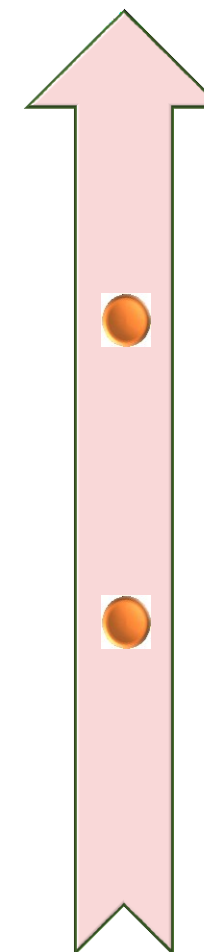

16.04.2018 – 2nd Trialogue

Preparation for 2nd trialogue on
EWIP

❖ Proposal on DIRECTIVE of the European Parliament and of the Council on common rules for the internal market in electricity

Goals

- Active users
- A well-functioning internal market
- Balanced decision on the application of regulated prices
- Regulatory framework on energy communities
- Determining the roles and responsibilities of market participants

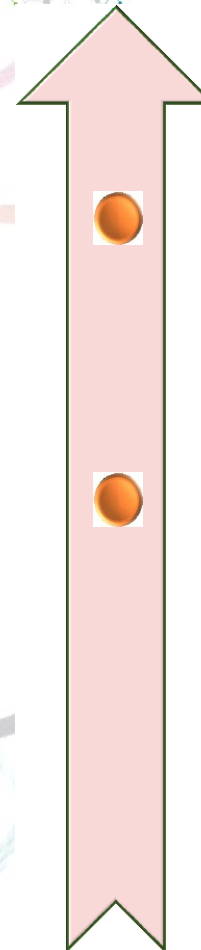

02.2018 – ITRE meeting
ing mandate for dialogues

12.2017 – General Approach
ched on Council of Ministers

❖ Proposal for a REGULATION of the European Parliament and of the council on the internal market for electricity

Goals

- Bidding zones configuration
- Removes existing barriers to cross-border trade
- Removal of administrative and implicit price caps
- Removal of capacity mechanisms
- Strengthen the Regional cooperation of transmission system operators
- EU DSO entity should be established in order to raise efficiencies in the electricity distribution networks in the Union and ensure close cooperation with TSOs and ENTSO-E
- The Commission has the power to adopt and amend implementing acts which are fundamental for market integration until 31.12.2025

1.02.2018 – ITRE meeting
giving mandate for dialogues

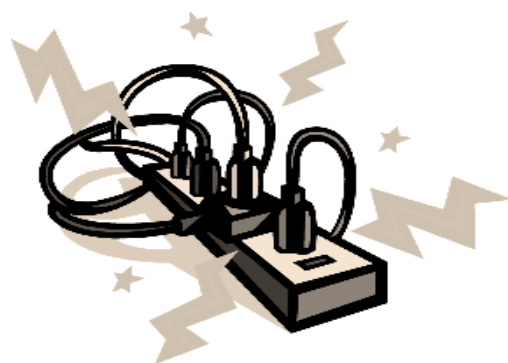

13.12.2017 – General
approach reached on Council
Ministers

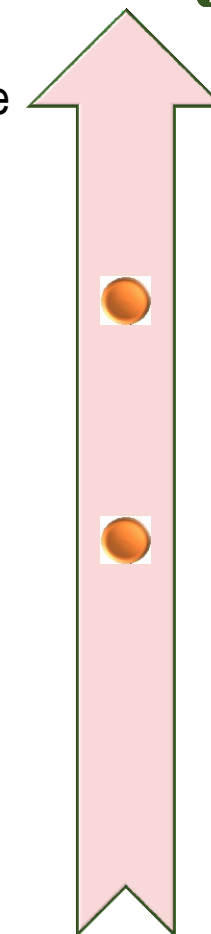

❖ Proposal for a REGULATION of the European Parliament and of the Council on RISK-PREPAREDNESS in the electricity sector and repealing Directive 2005/20/EC

Goals

- Regional coordination and unification of national rules and procedures
- Establishing common rules for the prevention and management of crises in the electricity sector
- Regional Interdependencies - center of national risk and crisis situation plans
- Market-based co-operation in risk situation
- Transparent reimbursement measures in the event of market disruption

Are you ready?

1.02.2018 – ITRE meeting
giving mandate for trialogues

3.12.2017 – General Approach
agreed on Council of Ministers

12/04/2018

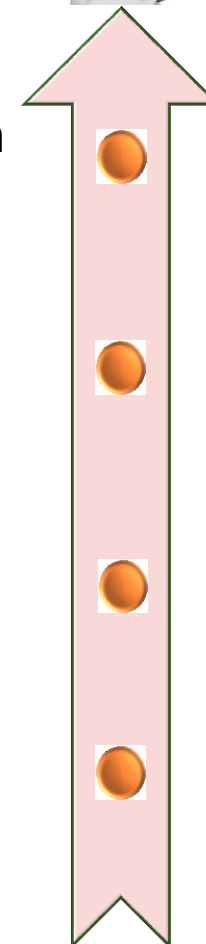

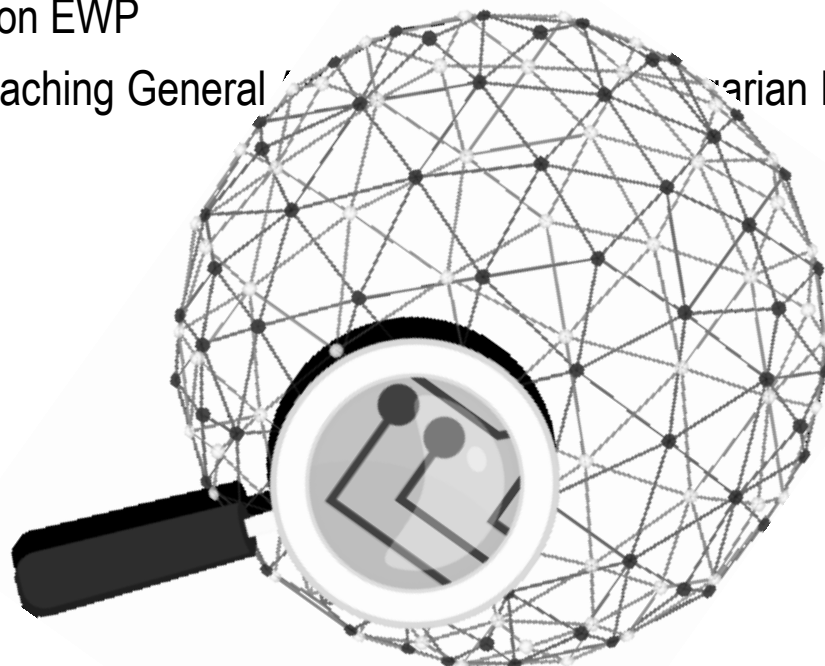

❖ Proposal for a REGULATION of the European Parliament and of the Council establishing a European Union Agency for the Cooperation of Energy Regulators

Goals

- Supporting NRAs on EU level
- Coordination of cross border trade and security
- Development of terms and conditions or methodologies (TCM) for the implementation of network codes and guidelines (NC & GL)

Status

- Still discussed on EWP
- Possibility of reaching General Approach on COREPER

Possibility of reaching General Approach on COREPER

12.04.2018 – Informal Council of Ministers – clarifying the political issues

11.02.2018 – ITRE meeting giving mandate for dialogues

WP

Thank you for your attention!
